Hi,

I completed the EU Business Law course today and I want to thank you for all that I learned while taking it. I am not part of the EU, nor has my education for my degrees earlier in life ever been business or law, but these humanities always interest me outside my world of high tech that I've always worked in in the US. So thank you for the opportunity to have learned this from you in the free online space of courses. It was both an enjoyable and educational experience in this area.

I calculated my grade today, and if I take the "post-course-survey" I will have done well enough to pass (above 80%), but if I don't, I will not (just under 80%), so my question is, when will the post course survey be available? I don't want to miss that you have posted it now that I've completed everything. I did also do "assignment 1" so if I pass the class, then I think I also obtain "distinction" since I received above 60% on that?

Also, if Penny Parker read this message, do you plan to post your module 7,8 and 9 glossary notes as you did for the earlier modules? I downloaded those and thought they were great! I even referenced you in my assignment 1 reference list. ;-)

Given I am not a law or business student nor do I even live and work in a country in the EU, it was just for fun to expand my

knowledge and explore this area, but I always try to do my best. It's really all about the learning experience that you take from it of course, especially if you do not work in this area. But it's an added bonus in the MOOCs if you also do well enough to earn their certificates.

So thank you for a great course, and I wish you all the best in the future. ;-)

Dear Karen,

It has been a pleasure to have you as a student at this MOOC! Thank you for your participation in the forums, you have really contributed with your inspirational perspectives on learning. And thanks for being a support to both other students and to the staff :)

All the best,
The Lund staff team

Dear Karen

I hope you are still able to access this forum.

As I read another of your threads, it occurred to me that the archived course **Wiretaps to Big Data** offered by CornellX might be of interest to you.

I hope Coursera will forgive me for suggesting a course on the edX platform, but it is designed as a cross-over between law and information technology.

Other than that, kudos on your perseverance and congratulations on earning your certificate!

> Thank you - I will check that out if I can.
>
> I just finished my current set of 4 MOOCs 2 days ago. I'm job searching, but I always fill my time with learning, either business/law or technical while I'm doing that, but the goal is actually to work, and I would only do online courses while doing that if I could fit it in after work.
>
> I appreciate you telling me about it! I also think the basic idea of "free online" learning is for people to learn, and no one from one place or another really cares that you share it, given their goal is the same, to provide free online learning. So thank you and best of luck in the future! ;-)
